VERMONT MATTERS.

The officers at Bennington made a raid on the hotels and saloons last week.

The annual meeting of the Vermont Humane Society will occur at Rutland, Friday, Jan. 25.

On Friday the senate confirmed the nomination of William E. Hall as postmaster at Burlington.

On Friday of last week E. E. Dexter was appointed postmaster at Gaskill, vice F. M. Hovey, resigned.

The annual meeting of the State Board of Health was held in Burlington last week Wednesday. The old board of officers was elected.

The annual meeting and the 24th regular meeting of the Congregational club of Western Vermont will be held in Brandon Tuesday, Jan. 29.

The commission of Irving B. Rich to be postmaster at Richville, vice Gasca Rich, deceased, has been signed and issued by the postoffice department.

While Ira Woodcock of Marshfield was chopping in the woods near his house last week telling a tree a limb hit him on the head, rendering him unconscious. There Clayton N. Morgan, a Vermont Academy student, was committed to the Brattleboro retreat one day last week, having become insane from excessive cigarette smoking.

J. A. Johnson of Syracuse, N. Y., was arrested at St. Albans Monday for passing a worthless check for \$30 on F. V. Pierce to represent a Syracuse collection agency.

The smallpox epidemic in Charlotte, numbering 26 cases, has been wiped out. The disease appeared about two months ago and caused some alarm, but there have been no deaths.

were two or three others at work with him, who carried him to the house, where 10 pieces of the skull bone were removed. The latest report is that he is alive, but there are small hopes of his recovery.

Ransom R. Stack, a wealthy farmer living at West Randolph, reported a tin trunk containing \$7000 worth of bank stock, notes, etc., stolen from his house. Later the trunk and contents were found scattered about the premises.

The comptroller of the currency in his official bulletin issued last week announces that B. W. Braley has been elected president of the National Bank of Barre, in place of L. F. Aldrich, and George Lynde, vice-president, in place of B. W. Braley.

Ruel Tarble, an aged man living in Chester, was found dead in his barn recently frozen to death. He had doubtless been dead several days. He lived alone, and since his house was burned last fall has slept in the barn. Mr. Tarble was a graduate of Dartmouth College.

Hughes Hughes of Rutland, an old man about 70 years old, committed suicide last week by cutting his throat with a razor. The deceased was well-to-do, but since the death of his wife which occurred about two years ago, he has been despondent. There is no doubt that he was insane. He leaves six grown-up children.

Myron Clark, representative from the town of Shaftsbury in the recent legislature died Tuesday night after an illness of only a few days of pneumonia. He was 62 years of age and one of the best known men in his town, having filled many town and county offices. He is the sixth member of the last house of representatives that has died.

Lemuel Shattuck of Bridgewater, the senator from Windsor county in the last general assembly, died suddenly of heart disease at White River Junction Monday night. He was the oldest member of either house, having been born in Canaan, N. H., November 7, 1815. He was a member of the house of representatives in 1888, and has held important town offices. This was the fourth death among the members of the last general assembly.

Elliot Brown, a car inspector for the Central Vermont road in Rutland, while fixing a brake chain on a passenger car Monday, had his head caught between the bumpers of two cars, the accident being caused by a locomotive suddenly backing up against the train. Brown's head was forced into a four-inch space and his skull was fractured at the base of the brain. He may live.

News was received here of the death in New York Friday of George Shea, jr., only son of the late Judge George Shea, who died in that city Tuesday. Both father and son died of pneumonia after a brief illness. Mrs. Shea is said to be seriously ill with the same disease. George Shea, jr., was about 30 years old and a student of Columbia and the School of Music. He studied music in Leipzig and was an accomplished musician, having written a number of operas. He spoke several languages. Besides a mother, he leaves two sisters, Mary Ritter Shea and Mrs. C. E. Glidden of Putney.

Upon the coming in of the court Friday morning at Montpelier it announced itself ready to make its decision in the case of State vs. Josiah B. Dyer, Frank Morrill, E. D. Sherburne and Patrick Morrison. The respondents were convicted at the March term of Washington County Court of conspiring to prevent one Jacob McClure of obtaining employment as a granite cutter. Respondent Dyer is secretary of the granite cutters union, the other respondents are granite cutters. The court did not read its decision but the respondents were held guilty of a common law misdemeanor and were fined \$500 each, and each to pay one-fourth the costs of the prosecution.

THE GREAT TOUR OF SOUSA'S BAND.

That was a great concert tour which Sousa and his band finished recently. In ten months, or about 300 days, over 498 concerts were given to nearly 1,000,000 people scattered from the Atlantic to the Pacific and from the great lakes to the Gulf of California. It shows skillful management that during this pro-

tracted tour not a member of the company was disabled, not a piece of baggage lost, not a railroad connection missed, and there was no failure in meeting any concert engagement. The trip was probably the most successful financially ever made by an American band, and the musical standard is certainly higher than has ever been attained by any other organization of the kind. Brief concert tours will be made in the East in January and February, and in March a longer tour in the West and South will follow. The regular Manhattan Beach and St. Louis exposition engagements will be filled.

NEWS ON A RAILROAD TRAIN.

The following is an extract from an article written by an experienced globe trotter, which recently appeared in the New York Sun:

"I wish that some of our transcontinental lines would adopt a little wrinkle that I saw recently on the Canadian Pacific line. It was a mere trifle, but it illustrates the desirability of looking after little things when persons are making a long journey. We were in the heart of the mountainous region, and of course practically cut off from the world for two or three days. It was at a time when there was big news in the world. Soon after we stopped at a station the porter came around with several telegraph sheets fastened together and passed them from passenger to passenger. It was a bulletin of the day's news telegraphed each morning from Montreal especially to the passengers on the through trains. In a dozen items it gave all the important news in America, Europe, and China. We heard the latest war news and knew the situation at Washington in national affairs. It was three days before we reached any large place with newspapers having a satisfactory news service, and you do not know how much we enjoyed that little attention and forethought on the part of the company. I found that at the chief hotels, where passengers drop off for a day or two to enjoy the scenery, the same system was carried out. Of course, when one is travelling, he wants to get away from newspapers to some extent, but he is always glad to know what is going on, and by this system he could get everything of importance in three minutes. I wish the American lines used the same care of looking after their patrons. It wouldn't cost much, and it would be worth as much as many of the luxuries with which they fairly burden their patrons."

RICH REWARDS OF SOUTHERN JOURNALISM.

W. M. Jessup, who lives near Cochran, has kindly sent us an invitation to be present at his home during hog-killing time and spend awhile feasting on backbones and spareribs. As a guarantee of good faith, the invitation was accompanied by a five-pound sweet potato, several more not quite so large and a nice "mess" of turnips. Mr. Jessup says he has quit raising cotton and will hereafter raise something to eat. He made this year with one plow 240 bushels of corn, three bales of cotton, thirty-five gallons of syrup, banked enough seed cane for another year and ground peas to fatten fifteen hogs. Other farmers would do well to follow Mr. Jessup's example and raise less cotton and more to eat.—[Hawkinsville, Ga., Despatch.]

ALL SORTS.

The Way to Get There.

To get there, young fellow, the way that is best. The method of methods, the World has confessed. Is to roll there on rollers, to skate there on wheels. With the balance of power all confined to the heels. But if you are tired and you cannot tell why, if your liver is wrong, and the breath of your sigh Is the weary complainings of lungs that are sore, And the remedy used doesn't seem to restore; If ghastly consumption, grim, leering and wild The unyielding fountain of health hath defied, Dr. Pierce's Golden Medical Discovery will put an end to your troubles.

It's not like the sarsaparillas or ordinary Spring medicines. They claim to do good in March, April, and May. All the year round, and in all cases, the "Discovery" purifies the blood as nothing else can. Every blood-taint and disorder, Eczema, Tetter, Salt-rheum, Erysipelas, Boils, Carbuncles, Enlarged Glands, Tumors and Swellings—the most stubborn Skin and Scalp Diseases, are completely and permanently cured. Buy of reliable dealers. With any others, something else that pays them better will probably be urged as "just as good." It may be, for them; but it can't be, for you.

Cure guaranteed, or money returned. Druggists have it for sale.

Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery, and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Flint Bros' drug store. SHANDAKEN, N. Y.—One of the most prominent men in Ulster County is the Hon. Davis Winnie, of this town.
